INDEPENDENT AUDITOR'S REPORT

Members of the Board of Education Northeast College Prep, Charter School No. 4219 Minneapolis, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Northeast College Prep, Charter School No. 4219, (the Charter School), Minneapolis, Minnesota as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Charter School's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Charter School as of June 30, 2021, and the respective changes in financial position thereof and the respective budgetary comparison for the General fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis starting on page 15, the Schedules of Employer's Share of the Net Pension Liability and the Schedules of Employer's Contributions on page 58 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Charter School's basic financial statements. The introductory section and individual fund schedule and table are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The individual fund schedule and table are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund schedule and table are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 23, 2021 on our consideration of the Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the Charter School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter School's internal control over financial reporting and compliance.

Minneapolis, Minnesota November 23, 2021

Management's Discussion and Analysis

As management of the Northeast College Prep Charter School No. 4219 (the Charter School), Minneapolis, Minnesota, we offer readers of the Charter School's financial statements this narrative overview and analysis of the financial activities of the Charter School for the period ended June 30, 2021.

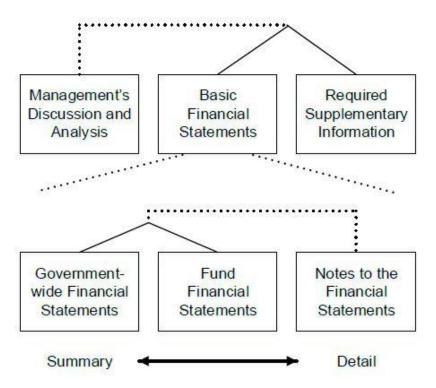

Financial Highlights

- The Charter School's total net position decreased by \$277,802 due primarily to recording the adjustment of pension liabilities and related deferred inflows and outflows of resources.
- As of the close of the current fiscal year, the Charter School's governmental funds reported an ending fund balance of \$2,106,404. Approximately 49.9 percent of this total amount, \$1,051,318 (unassigned fund balance), is available for spending at the Charter School's discretion, \$70,023 is nonspendable for prepaid items, \$264 is restricted in the General fund, and \$984,799 is restricted for the building Company.
- At the end of the current fiscal year, unassigned fund balance for the General fund was \$1,051,318 or 14.8 percent of total General fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Charter School's basic financial statements. The Charter School's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of individual fund schedules that further explains and supports the information in the financial statements. The following chart shows how the various parts of this annual report are arranged and related to one another:

The following chart summarizes the major features of the Charter School's financial statements, including the portion of the Charter School's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements:

Major Features of the Government-wide and Fund Financial Statements

		Fund Financial Statements
	Government-wide Statements	Governmental Funds
Scope	Entire Charter School (except fiduciary funds)	The activities of the Charter School that are not fiduciary, such as special education and building maintenance
Required financial statements	Statement of Net PositionStatement of Activities	Balance SheetStatement of Revenues, Expenditures, and Changes in Fund Balances
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally, assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included
Type of deferred outflows/inflows of resources information	All deferred outflows/inflows of resources, regardless of when cash is received or paid	Only deferred outflows of resources expected to be used up and deferred inflows of resources that come due during the year or soon thereafter; no capital assets included
Type of inflow/outflow information	All revenues and expenditures during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the Charter School's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Charter School's assets, deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Charter School is improving or deteriorating.

The statement of activities presents information showing how the Charter School's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

The government-wide financial statements display functions of the Charter School that are principally supported by intergovernmental revenues (*governmental activities*). The governmental activities of the Charter School include administration, district support services, elementary and secondary regular instruction, special education instruction, instructional support services, pupil support services, sites and buildings, and fiscal and other fixed cost programs.

The government-wide financial statements can be found starting on page 24 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Charter School, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Charter School's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Charter School maintains three individual governmental funds. Information is presented in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General fund and Building Company Fund which are considered to be major funds, and the Food Service special revenue fund, which is considered to be a nonmajor fund.

The Charter School adopts an annual appropriated budget for its General fund. A budgetary comparison statement has been provided for the General fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found starting on page 28 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 33 of this report.

Required Supplementary Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Charter School's progress in funding its obligation to provide other postemployment benefits to its employees. Required supplementary information can be found on page 58 of this report.

Other Information. The individual fund schedule and table can be found starting on page 66 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Charter School, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$2,289,081 at the close of the 2021 fiscal year.

A portion of the Charter School's net position, (\$192,718), reflects its net investment in capital assets (e.g., equipment); less any related debt used to acquire those assets that is still outstanding. The Charter School uses these capital assets to provide services to students; consequently, these assets are *not* available for future spending.

Northeast College Prep Charter School No. 4219's Summary of Net Position

	Governmental Activities								
	2021	2020	Increase (Decrease)						
Assets									
Current and other assets	\$ 2,977,742	\$ 2,128,952	\$ 848,790						
Nondepreciable assets	1,067,929	1,078,909	(10,980)						
Capital assets, net of depreciation	6,860,954	6,851,361	9,593						
Total Assets	10,906,625	10,059,222	847,403						
Deferred Outflows of Resources	2,017,378	2,760,198	(742,820)						
Liabilities									
Noncurrent liabilities outstanding	12,354,801	11,648,043	706,758						
Current and other liabilities	1,089,938	556,398	533,540						
Total Liabilities	13,444,739	12,204,441	1,240,298						
Deferred Inflows of Resources	1,768,345	2,626,258	(857,913)						
Net Position									
Net investment in capital assets	(192,718)	(137,936)	(54,782)						
Restricted	985,063	908,839	76,224						
Unrestricted	(3,081,426)	(2,782,182)	(299,244)						
Total Net Position	\$ (2,289,081)	\$ (2,011,279)	\$ (277,802)						

At the end of the current fiscal year, the Charter School is able to report a positive balance in one of three categories of net position.

The Charter School's net position decreased by \$277,802. Key elements of this decrease are shown in the table below.

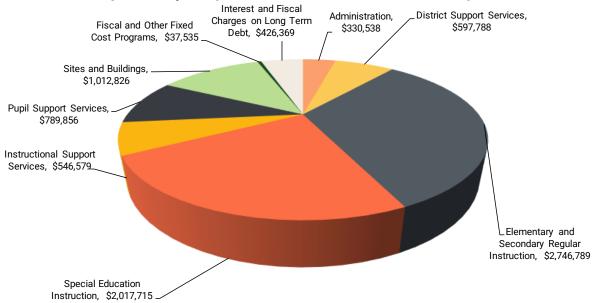

Northeast College Prep Charter School No. 4219's Changes in Net Position

	Governmental Activities								
	2021	2020	Increase (Decrease)						
Revenues									
Program revenues									
Charges for services	\$ 585,918	\$ 197,061	\$ 388,857						
Operating grants and contributions	2,795,743	2,584,796	210,947						
General revenues									
State aid-formula grants	3,877,542	3,790,507	87,035						
Other general revenues	968,334	155,033	813,301						
Unrestricted investment earnings	656	593	63						
Total Revenues	8,228,193	6,727,990	1,500,203						
Expenses									
Administration	330,538	356,749	(26,211)						
District support services	597,788	423,009	174,779						
Elementary and secondary regular instruction	2,746,789	2,464,754	282,035						
Special education instruction	2,017,715	1,934,633	83,082						
Instructional support services	546,579	374,718	171,861						
Pupil support services	789,856	751,415	38,441						
Sites and buildings	1,012,826	699,703	313,123						
Fiscal and other fixed cost programs	37,535	47,618	(10,083)						
Interest and fiscal charges on long term debt	426,369	508,741	(82,372)						
Total Expenses	8,505,995	7,561,340	944,655						
Change in Net Position	(277,802)	(833,350)	555,548						
Net Position, July 1	(2,011,279)	(1,177,929)	(833,350)						
Net Position, June 30	\$ (2,289,081)	\$ (2,011,279)	\$ (277,802)						

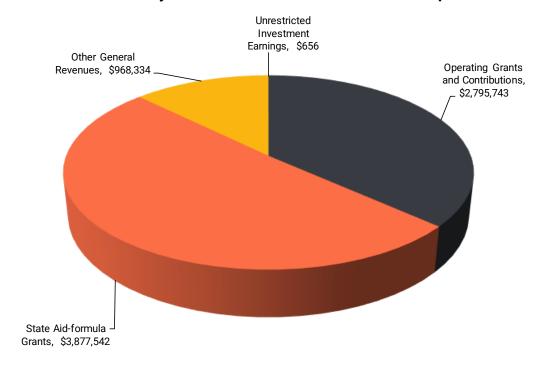

- State aid formula grants increased \$87,035 from 2020, operating grants and contributions increased \$210,947 from prior year, and charges for services increased \$388,857 from prior year.
- Other general revenues increased mainly due to \$666,000 of loan forgiveness related to the paycheck protection program.
- Sites and buildings expenses increased substantially from 2020 (\$313,123).

The following graph depicts various governmental activities and shows the expenses directly related to those activities.

Expenses by Program - Governmental Activities Graph

Revenue by Source - Governmental Activities Graph

Financial Analysis of the Charter School's Funds

As noted earlier, the Charter School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Charter School's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing the Charter School's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Charter School's governmental funds reported combined ending fund balances of \$2,106,404. Approximately 49.9 percent of this total amount, \$1,051,318, constitutes unassigned fund balance. The remainder of fund balance (\$1,055,086) is not available for new spending because it is either 1) nonspendable for prepaids (\$70,023), or 2) restricted (\$985,063).

The General fund is the primary operating fund of the Charter School. At the end of the current year, the fund balance of the General fund was \$1,121,605. As a measure of the General fund's liquidity, it may be useful to compare fund balance to total fund expenditures. Fund balance represents 15.7 percent of fund expenditures. The fund balance of the Charter School's General fund increased \$194,523 during the current fiscal year.

The Building Company fund accounts for all the activities of the Affiliated Building Company for the Charter School. At the end of the current year, the fund balance of the Building Company fund was \$984,799. The fund balance of the Charter School's Building Company fund decreased \$97,276 during the current fiscal year due to the Building Company being established in the current year.

General Fund Budgetary Highlights

The Charter School did amend their budget during the year. The original General fund budget called for an increase of \$155,088 in fund balance, while the final budget called for an increase of \$497,583 in fund balance.

Overall, total revenues were \$96,414 more than budgeted. The largest revenue variance was revenue from state sources which was \$65,517 more than anticipated.

On the expenditure side, expenditures were \$337,688 more than budgeted. The largest variance was pupil support services which was \$197,610 over budget.

Capital Assets and Debt Administration

Capital Assets. The Charter School's investment in capital assets for its governmental activities as of June 30, 2021 amounts to \$7,928,883 (net of accumulated depreciation). This investment in capital assets includes equipment, land. construction in progress, and the school building. The total depreciation for the year was \$243,493. The following is a schedule of capital assets as of June 30, 2021.

Additional information on the Charter School's capital assets can be found in Note 3B on page 42 of this report.

Northeast College Prep Charter School No. 4219's Capital Assets

(Net of Depreciation)

		Governmental Activities							
		Increas (Decreas							
Land Construction in Progress Buildings and Improvements Equipment	\$	1,067,929 - 6,426,745 434,209	\$	1,067,929 10,980 6,578,265 273,096		(10,980) (151,520) 161,113			
Total	\$	7,928,883	\$	7,930,270	\$	(1,387)			

The large increase in capital assets from the prior year is due to the Charter School Building Company purchasing land and undertaking a large construction project.

Northeast College Prep Charter School No. 4219's Outstanding Debt

Noncurrent Liabilities

The Charter School's noncurrent liabilities consisted of loans payable and bonds payable. Balances of the loans and bonds as of June 30, 2021 and 2020 are shown below.

		G	overnr	nental Activiti	es	
	2021			2020	Increase (Decrease)	
Bonds Payable	\$	8,660,000	\$	8,660,000	\$	

Additional information of the Charter School's noncurrent liabilities can be found in Note 3E on page 44 of this report.

Economic Factors and Next Year's Budgets and Rates

- The Charter School anticipates enrollment of 360 students for the 2021-2022 school year.
- The Charter School has received federal CARES Act funds of \$18,429 and Coronavirus Relief Funds of \$126,929 to help with distance learning and COVID-19 related expenditures during the 2020-2021 school year.
- The Charter School received a Payroll Protection Program loan of \$665,988 in July 2020 to help with the uncertainties of this upcoming school year. They will use these funds to keep staff employed, pay rent and utilities without disruption.

These factors were considered in preparing the Charter School's budget for the 2022 fiscal year.

Requests for Information

This financial report is designed to provide a general overview of the Charter School's finances for all those with an interest in the Charter School's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Carl Phillips, School Director, Northeast College Prep Charter School No. 4219, 2511 Taylor Street NE, Minneapolis, Minnesota 55418.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

Northeast College Prep Charter School No. 4219, (the Charter School), Minneapolis, Minnesota is a nonprofit that was incorporated on April 12, 2013 as a non-profit corporation under section 501(c)3 of the Internal Revenue Code of 1954, for the purpose of providing educational services to individuals within the area. The Charter School is authorized by Student Achievement of Minnesota. The permanent governing body consists of a five-member Board of Directors.

The Charter School has considered all potential units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the Charter School are such that exclusion would cause the Charter School's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the primary government. The Charter School has no component units that meet the GASB criteria.

Aside from its authorization, Student Achievement of Minnesota has no authority, control, power, or administrative responsibilities over the Charter School. Therefore, the Charter School is not considered a component unit of Student Achievement of Minnesota.

The Charter School has no student activity funds.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Amounts reported as *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. State aid formula grants and other internally dedicated resources are reported as general revenues rather than as program revenues.

Major individual governmental funds are reported as separate columns in the fund financial statements.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 1: Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. State revenue is recognized in the year to which it applies according to Minnesota statutes and accounting principles generally accepted in the United States of America. Minnesota statutes include State aid funding formulas for specific fiscal years. Federal revenue is recorded in the year in which the related expenditure was made. Other revenue is considered available if collected within one year.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

Non-exchange transactions, in which the Charter School receives value without directly giving equal value in return, include grants, entitlement and donations. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Charter School must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Charter School on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transaction must also be available before it can be recognized.

The preparation of the basic financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumption that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Description of Funds

The Charter School funds have been established by the State of Minnesota Department of Education. Each fund is accounted for as an independent entity. Descriptions of the funds included in the report are as follows:

Major Governmental Funds

The *General fund* is the Charter School's primary operating fund. It accounts for all financial resources of the Charter School, except those required to be accounted for in another fund.

The *Building Company fund* accounts for all activities of the Affiliated Building Company. This includes accounting for the proceeds and used of resources borrowed for the purpose of purchasing and building the school site, the receipt of lease payments from Northeast College Prep, as well as the debt service payments under the terms of the related long-term mortgage loans.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 1: Summary of Significant Accounting Policies (Continued)

Nonmajor Governmental Fund

The Food Service special revenue fund is used to account for food service revenues and expenditures. The Food Service fund receives revenue from state and federal sources.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position/Fund Balance

Deposits and Investments

The Charter School's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

The Charter School may also invest idle funds as authorized by Minnesota statutes, as follows:

- 1. Direct obligations or obligations guaranteed by the United States or its agencies.
- 2. Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, rated in one of the two highest rating categories by a statistical rating agency, and have a final maturity of thirteen months or less.
- 3. General obligations of a state or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.
- 4. General obligations of the Minnesota Housing Finance Agency rated "A" or better.
- 5. Obligation of a school district with an original maturity not exceeding 13 months and (i) rated in the highest category by a national bond rating service or (ii) enrolled in the credit enhancement program pursuant to statute section 126C.55.
- 6. Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.
- 7. Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less.
- 8. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.
- 9. Guaranteed Investment Contracts (GIC's) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

The Charter School does not have a formal investment policy.

The Charter School categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Charter School's recurring fair value measurements are listed in detail on page 41 and are valued using quoted market prices (Level 1 inputs).

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 1: Summary of Significant Accounting Policies (Continued)

Due from Federal Government

Due from Federal Government include amounts for expenditures that have been incurred before year end and will be reimbursed with Federal funding. No substantial losses are anticipated from present balances, therefore no allowance for uncollectible has been recorded.

Due from the Minnesota Department of Education

Due from Minnesota Department of Education include amounts for expenditures that have been incurred before year end and will be reimbursed with State funding. No substantial losses are anticipated from present balances, therefore no allowance for uncollectible has been recorded.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Capital Assets

Capital assets include equipment. Capital assets are defined by the Charter School as assets with an initial, individual cost of more than \$500 (amount not rounded). Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Donated capital assets are recorded at estimated acquisition value at the date of donation.

Capital assets are recorded in the government-wide financial statements, but are not reported in the fund financial statements. Capital assets of the Charter School are depreciated using the straight-line method over their estimated useful lives. Useful lives vary from 5 to 20 years for equipment and 40 years for buildings and improvements.

Deferred Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has only one item that qualifies for reporting in this category. Accordingly, the item, deferred pension resources, is reported only in the statement of net position. This item results from actuarial calculations and current year pension contributions made subsequent to the measurement date.

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. In the fund financial statements, the face amount of debt issued is reported as other financing sources.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 1: Summary of Significant Accounting Policies (Continued)

Pensions

Teachers Retirement Association (TRA)

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Teachers Retirement Association (TRA) and additions to/deductions from TRA's fiduciary net position have been determined on the same basis as they are reported by TRA.

TRA has a special funding situation created by direct aid contributions made by the State of Minnesota, City of Minneapolis and Minneapolis School District. The direct aid is a result of the merger of the Minneapolis Teachers Retirement Fund Association merger into TRA in 2006. A second direct aid source is from the State of Minnesota for the merger of the Duluth Teacher's Retirement Fund Association (DTRFA) in 2015. The General fund is typically used to liquidate the governmental net pension liability. Additional information can be found in Note 4.

Public Employees Retirement Association (PERA)

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The General fund is typically used to liquidate the governmental net pension liability.

The total pension expense for the General Employees Plan (GERP) and TRA is as follows:

	GERP		 TRA	Total Pension Expense	
Pension Expense	\$	195,319	\$ 691,618	\$	886,937

Deferred Inflows of Resources

In addition to liabilities, the statement of net position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Charter School has one type of item, which arises only under a full accrual basis of accounting that qualifies as needing to be reported in this category. Accordingly, the item, deferred pension resources, is reported only in the statement of net position of the government-wide statements and results from actuarial calculations.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 1: Summary of Significant Accounting Policies (Continued)

Fund Balance

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the Charter School is bound to observe constraints imposed upon the use of resources reported in the governmental funds. These classifications are defined as follows:

Nonspendable - Amounts that cannot be spent because they are not in spendable form, such as prepaid items and deposits receivable.

Restricted - Amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by state statutory provisions.

Committed - Amounts constrained for specific purposes that are internally imposed by formal action (resolution) of the Board of Education, which is the Charter School's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the Board of Education modifies or rescinds the commitment by resolution.

Assigned - Amounts constrained for specific purposes that are internally imposed. In governmental funds other than the General fund, assigned fund balance represents all remaining amounts that are not classified as nonspendable and are neither restricted nor committed. In the General fund, assigned amounts represent intended uses established by the Board of Education itself or by an official to which the governing body delegates the authority. The Board of Education has adopted a fund balance policy which delegates the authority to assign amounts for specific purposes to the Program Coordinator.

Unassigned - The residual classification for the General fund and also negative residual amounts in other funds.

The Charter School considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available. Additionally, the Charter School would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net position is displayed in three components:

- a. Net investment in capital assets Consists of capital assets, net of accumulated depreciation and related debt.
- b. Restricted net position Consist of net position restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.
- c. Unrestricted net position All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the Charter School's policy to use restricted resources first, then unrestricted resources as they are needed.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 2: Stewardship, Compliance and Accountability

A. Budgetary Information

Budgets are prepared for Charter School funds on the same basis and using the same accounting practices that are used in accounting and preparing financial statements for the General fund.

The Charter School follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. Prior to July 1, the budget is prepared by the Director to be adopted by the Board of Education.
- 2. Budgets for the General fund are adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP).
- 3. Budgeted amounts are as originally adopted, or as amended.
- 4. Budget appropriations lapse at year end.
- 5. The legal level of control is the fund level.
- 6. The Charter School does not use encumbrance accounting.

B. Excess of Expenditures over Appropriations

For the year ended June 30, 2021, expenditures exceeded appropriations in the following fund:

				excess of penditures Over
Fund	 Budget	Actual	App	ropriations
General	\$ 6,785,720	\$ 7,123,408	\$	337,688

The excess of expenditures over appropriations were funded by revenues received in excess of budget and loan proceeds.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 3: Detailed Notes on All Funds

A. Deposits and Investments

Deposits

Custodial credit risk for deposits and investments is the risk that in the event of a bank failure, the Charter School's deposits and investments may not be returned or the Charter School will not be able to recover collateral securities in the possession of an outside party. In accordance with Minnesota statutes and as authorized by the Board of Education, the Charter School maintains deposits at those depository banks, all of which are members of the Federal Reserve System.

Minnesota statutes require that all Charter School deposits be protected by insurance, surety bond or collateral. The fair value of collateral pledged must equal 110 percent of the deposits not covered by insurance, bonds or irrevocable standby letters of credit from Federal Home Loan Banks.

Authorized collateral in lieu of a corporate surety bond includes:

- United States government Treasury bills, Treasury notes, Treasury bonds;
- Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- General obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service;
- General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity;
- Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by
 written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard
 & Poor's Corporation; and
- Time deposits that are fully insured by any federal agency.

Minnesota statutes require that all collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection should be approved by the Charter School.

At year end, the Charter School's carrying amount of deposits was \$1,495,630 and the bank balance was \$1,425,035. The entire bank balance was covered by federal depository insurance. The Charter School carries cash on hand of \$500.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 3: Detailed Notes on All Funds (Continued)

Investments

As of June 30, 2021, the Charter School had the following investments that are insured or registered, or securities held by the Charter School's agent in the Charter School's name:

	Credit	Segmented				
	Quality/	time	(Carrying	F	air Value
Type of Investments	Ratings (1)	Distribution (2)		Amount		Level 1
Pooled Investments at Fair Value						
Government Obligation Mutual Fund	AAA	Less than 6 months	\$	817,824	\$	817,824

- (1) Ratings are provided by various credit rating agencies where applicable to indicate associated credit risk.
- (2) Interest rate risk is disclosed using the segmented time distribution method.

The investments of the Charter School are subject to the following risks:

- Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Ratings are provided by various credit rating agencies and where applicable, indicate associated credit risk. Minnesota statutes limit the Charter School's investments to the list on page 35 of the notes.
- Custodial Credit Risk. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party.
- Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer.
- Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

A reconciliation of cash and temporary investments as shown on the financial statements for the Charter School follows:

Carrying Amount of Deposits Cash on Hand Investments	\$	1,495,630 500 817,824
Total	\$	2,313,954
Cash and Temporary Investments Unrestricted Cash held with Escrow	\$	1,425,001 888,953
	<u>\$</u>	2,313,954

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 3: Detailed Notes on All Funds (Continued)

B. Capital Assets

Capital asset activity for the year ended June 30, 2021 was as follows:

	Beginning Balance	Adjustment	Increases	Decreases	Ending Balance
Capital Assets, not Being Depreciated Land Construction in progress	\$ 1,067,929 10,980	\$ -	\$ -	\$ - (10,980)	\$ 1,067,929
Total Capital Assets not Being Depreciated	1,078,909			(10,980)	1,067,929
Capital Assets Being Depreciated Buildings and improvements Equipment Total Capital Assets Being Depreciated	6,647,510 532,145 7,179,655	(269,010)	284,823 237,273 522,096	- -	6,663,323 769,418 7,432,741
Less Accumulated Depreciation for Buildings and improvements Equipment Total Accumulated Depreciation	(69,245) (259,049) (328,294)	- - -	(167,333) (76,160) (243,493)	- - -	(236,578) (335,209) (571,787)
Total Capital Assets Being Depreciated, Net	6,851,361	(269,010)	278,603		6,860,954
Governmental Activities Capital Assets, Net	\$ 7,930,270	\$ (269,010)	\$ 278,603	\$ (10,980)	\$ 7,928,883

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 3: Detailed Notes on All Funds (Continued)

C. Interfund Receivables, Payables, and Transfers

Due to/from funds represent reclassifications of temporary cash deficits in individual fund and other short term loans expected to be repaid within one year. The amount owing between funds represents reclassification of temporary cash deficits between. At year end, the balances were as follows:

Receivable Fund	Payable Fund	An	Amount		
Primary Government					
Building Company fund	General fund	\$	95,846		
General fund	Food Service fund		25,679		
Total		<u>\$</u>	121,525		

A transfer of \$61,798 was completed from the General fund to the Food Service special revenue fund to eliminate the fund balance deficit.

D. Operating Lease

On May 5, 2016, the Charter School entered into an agreement with CSDC Facilities Corporation, of District of Columbia to lease space at 300 Industrial Boulevard, Minneapolis, Minnesota 55413 for a period commencing July 1, 2016 and ending June 30, 2041. For Lease Years One and Two (July 1, 2016 to June 30, 2018), the Base Annual Rent will be the greater of: (a) 1.22x the Debt Service for the Property, as may be adjusted from time to time as the loans may be refinanced; or (b) the amount equal to the product of the number of pupils projected for the forthcoming Lease Year on Tenant's MARSS Average Daily Membership report filed with the Minnesota Department of Education ("MDE") multiplied by the rental amount per pupil that results in Tenant's receipt of the maximum amount of Building Lease Aid, as defined under Minnesota law (Statute 124D.11 subdivision 4), available to Tenant from MDE pursuant to applicable Minnesota law ("Maximum Lease Aid") for that lease year. For Lease Year Three (commencing July 1, 2018) and for each Lease Year thereafter, the Lease Payments shall be the greater of: (a) the immediately prior year's Base Annual Rent multiplied by 1.01; or (b) the Maximum Lease Aid for that Lease Year. The Charter School paid rent of \$553,713 under the agreements during the year ended June 30, 2021.

Future minimum lease payments are as follows:

Year Ending		
June 30,		Amount
2022	\$	565,019
	v	
2023		570,669
2024		576,376
2025		582,140
2026		587,961
2027 - 2031		3,029,184
2032 - 2036		3,183,703
2037 - 2041		3,346,104
2042 - 2044		2,089,044
Total	<u>\$</u>	14,530,199

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 3: Detailed Notes on All Funds (Continued)

E. Long-term Liabilities

Bonds Payable

The Charter School issued general obligation bonds to provide funds for the acquisition and construction of major capital facilities.

General obligation bonds are direct obligations and pledge the full faith and credit of the Charter School. General obligation bonds currently outstanding are as follows:

Description	Amount Issued	Interest Rate	Issue Date	Maturity Date	_	Balance at Year End
Charter School Lease Revenue Bonds, Series 2020A Taxable Charter School Lease Revenue	\$ 7,820,000	5.00 - 5.50 %	02/01/20	07/01/55	\$	7,820,000
Bonds, Series 2020B	840,000	5.50 %	02/01/20	07/01/29		840,000
Total					\$	8,660,000

Annual debt service requirements to maturity for the bonds are as follows:

Year Ending		Bonds Payable					
June 30,	Pr	incipal		Interest	Total		
2022	\$	-	\$	437,200	\$	437,200	
2023	·	95,000	·	434,588	•	529,588	
2024		100,000		429,225		529,225	
2025		105,000		423,588		528,588	
2026		110,000		417,675		527,675	
2027 - 2031		655,000		1,988,275		2,643,275	
2032 - 2036		855,000		1,796,375		2,651,375	
2037 - 2041		1,105,000		1,552,375		2,657,375	
2042 - 2046		1,425,000		1,238,125		2,663,125	
2047 - 2051		1,835,000		832,375		2,667,375	
2052 - 2056		2,375,000		309,374		2,684,374	
Total	\$	8,660,000	\$	9,859,175	\$	18,519,175	

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 3: Detailed Notes on All Funds (Continued)

Changes in Long-term Liabilities

Long-term liability activity for the year ended June 30, 20212021 was as follows:

	Beginning Balance	Increases	Decreases	Current	
Governmental Activities Loans Payable	\$ -	\$ 666,000	\$ (666,000)	\$ -	\$ -
Bonds Payable Revenue bonds Bond premium Total bonds payable	8,660,000 373,682 9,033,682		(10,831) (10,831)	8,660,000 362,851 9,022,851	
Total	\$ 9,033,682	\$ 666,000	\$ (676,831)	\$ 9,022,851	\$ -

On July 23, 2020, the Charter School was issued a \$666,000 loan through the Paycheck Protection Program. The full balance of the loan was forgiven on January 13, 2021. No principal or interest payments were due or paid.

Note 4: Defined Benefit Pension Plans - Statewide

Substantially all employees of the Charter School are required by state law to belong to pension plans administered by Teachers Retirement Association (TRA) or Public Employees Retirement Association (PERA), all of which are administered on a statewide basis.

Disclosures relating to these plans follow:

A. Teacher Retirement Association (TRA)

1. Plan Description

The Teachers Retirement Association (TRA) is an administrator of a multiple employer, cost-sharing, defined benefit retirement fund. TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with Minnesota statutes, chapters 354 and 356. TRA is a separate statutory entity and administered by a Board of Trustees. The Board consists of four active members, one retired member and three statutory officials.

Educators employed in Minnesota's public elementary and secondary school, charter schools, and certain other TRA-covered educational institutions maintained by the state are required to be TRA members (except those employed by St. Paul schools or Minnesota State colleges and universities). Educators first hired by Minnesota State may elect either TRA coverage or coverage through the Define Contribution Plan (DCR) administered by the State of Minnesota.

2. Benefits Provided

TRA provides retirement benefits as well as disability benefits to members and benefits to survivors upon death of eligible members. Benefits are established by Minnesota statute and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age and a formula multiplier based on years of credit at termination of service.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

Two methods are used to compute benefits for TRA's Coordinated and Basic Plan members. Members first employed before **July 1, 1989** receive the greater of the Tier I or Tier II as described: **Tier I**:

Tier I:	Step Rate Formula	Percentage
Basic	1st ten years of service	2.2 percent per year
	All years after	2.7 percent per year
Coordinated	1st ten years if service years are prior to July 1, 2006 1st ten years if service years	1.2 percent per year
	are July 1, 2006 or after All other years of service if service	1.4 percent per year
	years are prior to July 1, 2006 All other years of service if service	1.7 percent per year
	years are July 1, 2006 or after	1.9 percent per year

With these provisions:

- 1. Normal retirement age is 65 with less than 30 years of allowable service and age 62 with 30 or more years of allowable service.
- 2. Three percent per year early retirement reduction factors for all years under normal retirement age.
- 3. Unreduced benefits for early retirement under a Rule-of-90 (age plus allowable service equals 90 or more).

or

Tier II: For years of service prior to July 1, 2006, a level formula of 1.7 percent per year for coordinated members and 2.7 percent per year for basic members. For years of service July 1, 2006 and after, a level formula of 1.9 percent per year for Coordinated members and 2.7 percent per year for Basic members applies. Beginning July 1, 2015, the early retirement reduction factors are based on rates established under Minnesota statute. Smaller reductions, more favorable to the member, will be applied to individuals who reach age 62 and have 30 years or more of service credit.

Members first employed after **June 30, 1989** receive only the Tier II calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed age 66.

Six different types of annuities are available to members upon retirement. The No Refund Life Plan is a lifetime annuity that ceases upon the death of the retiree - no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(ies) by selecting one of the five plans, that have survivorship features. Vested members may also leave their contributions in the TRA fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is eligible for a refund of their employee contributions plus interest.

The benefit provisions stated apply to active plan participants. Vested, terminated employees who are entitled to benefits but not yet receiving them are bound by the provisions in effect at the time they last terminated their public service.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

3. Contribution Rate

Minnesota statutes, chapter 354 sets the rates for the employee and employer contributions. Rates for each fiscal year were:

	Ending June 30, 2019		Ending Jun	e 30, 2020	Ending June 30, 2021		
Plan	Employee	Employer	Employee	Employer	Employee	Employer	
Basic	11.00%	11.71%	11.00%	11.92%	11.00%	12.13%	
Coordinated	7.50%	7.71%	7.50%	7.92%	7.50%	8.13%	

The Charter School's contributions to TRA for the years ending June 30, 2021, 2020 and 2019 were \$177,544, \$156,210 and \$134,426, respectively. The Charter School's contributions were equal to the contractually required contributions for each year as set by Minnesota statute.

The following is a reconciliation of employer contributions in TRA's Comprehensive Annual Financial Report "Statement of Changes in Fiduciary Net Position" to the employer contributions used in Schedule of Employer and Non-Employer Pension Allocations.

Employer Contributions Reported in TRA's Comprehensive Annual Financial Report Statement of Changes in Fiduciary Net Position Add Employer Contributions not Related to Future Contribution Efforts Deduct TRA's Contributions not Included in Allocation	\$ 425,223,000 (56,000) (508,000)
Total Employer Contributions Total Non-employer Contributions	 424,659,000 35,587,000
Total contributions reported in schedule of employer and non-employer pension allocations	\$ 460,246,000

Amounts reported in the allocation schedules may not precisely agree with financial statement amounts or actuarial valuations due to the number of decimal places used in the allocations. TRA has rounded percentage amounts to the nearest ten thousandths.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

4. Actuarial Assumptions

The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement.

Key Methods and Assumptions Used in Valuation of Total Pension Liability

Actuarial Information	
Valuation Date	July 1, 2020
Experience Study	June 5, 2015
•	November 6, 2017 (economic assumptions)
Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions	
Investment Rate of Return	7.50%
Price Inflation	2.50%
Wage Growth Rate	2.85% before July 1, 2028 and 3.25% thereafter
Projected Salary Increase	2.85% to 8.85% before July 1, 2028 and 3.5% to 9.25% thereafter
Cost of Living Adjustment	1% for January 2020 through January 2023
,	then increasing by 0.1% each year up to 1.5% annually
Mortality Assumption	

Pre-retirement

RP - 2014 white collar employee table, male rates set back six years and female rates set back seven years.

Generational projection uses the MP - 2015 scale.

Post-retirement

RP - 2014 white collar annuitant table, male rates set back three years and female rates set back three years, with further adjustments of the rates. Generational projection uses the MP - 2015 scale.

Post-disability RP - 2014 disabled retiree mortality table, without adjustments.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic Equity	35.50 %	5.10 %
International Equity	17.50	5.30
Private Markets	25.00	5.90
Fixed Income	20.00	0.75
Unallocated Cash	2.00	-
Total	100.00 %	

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

The TRA actuary has determined the average of the expected remaining service lives of all members for fiscal year 2016 is 6.00 years. The "Difference Between Expected and Actual Experience", "Changes of Assumptions" and "Changes in Proportion" use the amortization period of 6.00 years in the schedule presented. The amortization period for "Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments" is 5.00 years as required by GASB 68.

Changes in actuarial assumptions since the 2019 valuation:

- Assumed termination rates were changed to more closely reflect actual experience.
- The pre-retirement mortality assumption was changed to RP-2014 white collar employee table, male rates set back five years and female rates set back seven years. Generational projection uses the MP-2015 scale.
- Assumed form of annuity election proportions were changed to more closely reflect actual experience for female retirees.

5. Discount Rate

The discount rate used to measure the total pension liability was 7.50 percent. There was no change since the prior measurement date The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the fiscal year 2020 contribution rate, contributions from school districts will be made at contractually required rates (actuarially determined), and contributions from the state will be made at current statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was not projected to be depleted and, as a result, the Municipal Bond Index Rate was not used in the determination of the Single Equivalent Interest Rate (SEIR).

6. Net Pension Liability

On June 30, 2021, the Charter School reported a liability of \$2,504,577 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Charter School's proportion of the net pension liability was based on the Charter School's contributions to TRA in relation to total system contributions including direct aid from the State of Minnesota, City of Minneapolis and Minneapolis School District. The Charter School's proportionate share was 0.0339 percent at the end of the measurement period which was an increase of 0.0039 percent from its proportion measured as of June 30, 2019.

The pension liability amount reflected a reduction due to direct aid provided to TRA. The amount recognized by the Charter School as its proportionate share of the net pension liability, the direct aid, and total portion of the net pension liability that was associated with the Charter School were as follows:

Charter's Proportionate Share of Net Pension Liability \$ 2,504,577
State's Proportionate Share of Net Pension Liability Associated with the Charter School 209,657

For the year ended June 30, 2021, the District recognized pension expense of \$672,412. It also recognized \$19,206 as an increase to pension expense for the support provided by direct aid.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

On June 30, 2021, the Charter School had deferred resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences Between Expected and Actual Experience	\$	55,377	\$	31,969
Net Difference between Projected and Actual Earnings on Plan Investments		80,622		-
Changes in Assumptions		811,229		1,704,870
Changes in Proportion		606,432		-
Contributions to TRA Subsequent to the Measurement Date		177,544		-
Total	\$	1,731,204	\$	1,736,839

Deferred outflows of resources totaling \$177,544 related to pensions resulting from Charter School contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows and inflows of resources will be recognized in pension expense as follows:

2022	\$ 332,667
2023	(307,712)
2024	(325,093)
2025	106,531
2026	10,428

7. Pension Liability Sensitivity

The following presents the net pension liability of TRA calculated using the discount rate of 7.50 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50 percent) or one percentage point higher (8.50 percent) than the current rate.

Charter's Proportionate Share of NPL

1 Percent	t Decrease (6.50%)	Cur	Current (7.50%)		Increase (8.50%)
\$	3,834,482	\$	2,504,577	\$	1,408,804

The Charter School's proportion of the net pension liability was based on the employer contributions to TRA in relation to TRA's total employer contributions including direct aid contributions from the State of Minnesota, City of Minneapolis and Minneapolis School District.

8. Pension Plan Fiduciary Net Position

Detailed information about the plan's fiduciary net position is available in a separately-issued TRA financial report. That report can be obtained at www.MinnesotaTRA.org, by writing to TRA at 60 Empire Drive, Suite 400, St. Paul, MN, 55103-4000; or by calling (651) 296-2409 or (800) 657-3669.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

B. Public Employees Retirement Association (PERA)

1. Plan Description

The Charter School participates in the following defined benefit pension plans administered by the Public Employees Retirement Association (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota statutes*, chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401 (a) of the Internal Revenue Code.

General Employees Plan (GERP)

All full-time and certain part-time employees of the Charter School, other than teachers, are covered by the General Employees Plan (GERP). General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

2. Benefits Provided

PERA provides retirement, disability and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature.

Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

General Employees Plan Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated-Plan members. Members hired prior to July 1, 1989 receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2 percent of average salary for each of the first 10 years of service and 1.7 percent of average salary for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7 percent for average salary for all years of service. For members hired prior to July 1, 1989 a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989 normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. If the General Employees Plan is at least 90 percent funded for two consecutive years, benefit recipients are given a 2.5 percent increase. If the plan has not exceeded 90 percent funded, or have fallen below 80 percent, benefit recipients are given a one percent increase. A benefit recipient who has been receiving a benefit for at least 12 full months as of June 30 will receive a full increase. Members receiving benefits for at least one month but less than 12 full months as of June 30 will receive a pro rata increase.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

3. Contributions

Minnesota statutes chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature.

General Employees Fund Contributions

Coordinated Plan members were required to contribute 6.50 percent of their annual covered salary in fiscal year 2020 and the Charter School was required to contribute 7.50 percent for Coordinated Plan members. The Charter School's contributions to the General Employees Fund for the year ended June 30, 2021, 2020 and 2019 were \$85,475, \$73,609 and \$67,180, respectively. The Charter School's contributions were equal to the required contributions for each year as set by state statute.

4. Pension Costs

General Employees Fund Pension Costs

At June 30, 2021, the Charter School reported a liability of \$827,373 for its proportionate share of the General Employees Fund's net pension liability. The Charter School's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million. The State of Minnesota is considered a non-employer contributing entity and the State's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the Charter School totaled \$25,467. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Charter School's proportionate share of the net pension liability was based on the Charter School's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2020 through June 30, 2021, relative to the total employer contributions received from all of PERA's participating employers. The Charter School's proportion was 0.0138 percent which was an increase of 0.0011 percent from its proportion measured as of June 30, 2020.

Charter's Proportionate Share of Net Pension Liability	\$ 827,373
State's Proportionate Share of Net Pension Liability Associated with the Charter School	25,467
Total	\$ 852,840

For the year ended June 30, 2021, the Charter School recognized pension expense of \$193,103 for its proportionate share of the General Employees Plan's pension expense. In addition, the Charter School recognized \$2,216 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

At June 30, 2021, the Charter School reported its proportionate share of GERP's deferred outflows of resources and deferred inflows of resources, and its contributions subsequent to the measurement date, from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences Between Expected and	6	6.010	٥	0.101
Actual Economic Experience Changes in Actuarial Assumptions	\$	6,912	\$	3,131 28,375

to the Measurement Date		85,475		_
Total	\$	286,174	\$	31,506

The \$85,475 reported as deferred outflows of resources related to pensions resulting from Charter School contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

2022	\$ 75,609
2023	40,909
2024	32,695
2025	19,980

5. Actuarial Assumptions

The total pension liability in the June 30, 2021 actuarial valuation was determined using an individual entry-age normal actuarial cost method and the following actuarial assumptions:

Inflation	2.50% per year
Active Member Payroll Growth	3.25% per year
Investment Rate of Return	7.50%

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors and disabilitants were based on RP-2014 tables for males or females, as appropriate, with slight adjustments to fit PERA's experience. Cost of living benefit increases for retirees are assumed to be 1.25 percent per year for the General Employees Plan.

Actuarial assumptions used in the June 30, 2021 valuation were based on the results of actuarial experience studies. The most recent four-year experience study in the General Employee Plan was completed in 2019. The assumption changes were adopted by the Board and became effective with the July 1, 2020 actuarial valuation.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

The following changes in actuarial assumptions and plan provisions occurred in 2021:

General Employees Fund

Changes in Actuarial Assumptions

- The price inflation assumption was decreased from 2.50% to 2.25%.
- The payroll growth assumption was decreased from 3.25% to 3.00%.
- Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates.
- Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.
- Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The
 new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly
 higher thereafter.
- Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments.
- The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019.
- The assumed spouse age difference was changed from two years older for females to one year older.
- The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

Changes in Plan Provisions

 Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023 and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic Stocks	35.50 %	5.10 %
Alternative Assets (Private Markets)	25.00	5.90
Bonds (Fixed Income)	20.00	0.75
International Stocks	17.50	5.30
Cash	2.00	-
Total	100.00 %	

6. Discount Rate

The discount rate used to measure the total pension liability in 2021 was 7.50 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota statutes. Based on these assumptions, the fiduciary net position of the General Employees Fund were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

7. Pension Liability Sensitivity

The following presents the Charter School's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the Charter School's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

Charter's Proportionate Share of NPL

1 Percen	t Decrease (6.50%)	Curr	Current (7.50%)		Increase (8.50%)
\$	1,325,992	\$	827,373	\$	416,052

8. Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

Minneapolis, Minnesota Notes to the Financial Statements June 30, 2021

Note 5: Other Information

A. Risk Management

The Charter School is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the Charter School carries commercial insurance. Settled claims have not exceeded this commercial coverage in fiscal year 2021.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities, if any, include an amount for claims that have been incurred but not reported (IBNRs). The Charter School's management is not aware of any incurred but not reported claims.

B. Income Taxes

The Charter School is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Charter School also qualifies as a tax-exempt organization under applicable statutes of the State of Minnesota.

Management believes that it is not reasonably possible for any tax position benefits to increase or decrease significantly over the next 12 months. As of June 30, 2021, there were no income tax related accrued interest or penalties recognized in either the statement of financial position or the statement of activities.

The Charter School files informational returns in the U.S. federal jurisdiction, and in the Minnesota state jurisdiction. U.S. federal returns and Minnesota returns for the prior three fiscal years are closed. No returns are currently under examination in any tax jurisdiction.

Note 6: Subsequent Event

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus ("COVID-19") and the risks to the international community as virus spreads globally. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. In response to the pandemic, the State of Minnesota has issued stay-at-home orders and other measures aimed at slowing the spread of the coronavirus.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Due to the rapid development and fluidity of this situation, the Charter School cannot determine the ultimate impact that the COVID-19 pandemic will have on its financial condition, liquidity, and future revenue collection, and therefore any prediction as to the ultimate impact on the Charter School's financial condition, liquidity, and future results of its revenue collections is uncertain.

Note 7: Prior Period Adjustment

A prior period adjustment of \$269,010 was made for the reduction of building construction expenditures recognized in fiscal year 2020 which should have been and are currently recorded as fiscal year 2021 expenditure and cash held with escrow.

The result of the prior period adjustment increased beginning fund balance in the Building Construction fund by \$269,010.

Minneapolis, Minnesota Required Supplementary Information (Continued) For the Year Ended June 30, 2021

Notes to the Required Supplementary Information - Teachers Retirement Association

Changes in Actuarial Assumptions

2020 - Assumed termination rates were changed to more closely reflect actual experience. The pre-retirement mortality assumption was changed to RP-2014 white collar employee table, male rates set back five years and female rates set back seven years. Generational projection uses the MP-2015 scale. Assumed form of annuity election proportions were changed to more closely reflect actual experience for female retirees.

2019 - No changes noted.

- 2018 The mortality projection scale was changed from MP-2015 to MP-2017. The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.
- 2017 The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability and 3.0 percent for non-vested deferred member liability. The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.
- 2016 The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2035 and 2.5 percent per year thereafter to 1.0 percent per year for all future years. The assumed investment return was changed from 7.9 percent to 7.5 percent. The single discount rate was changed from 7.9 percent to 7.5 percent. Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.
- 2015 The cost of living adjustment was not assumed to increase to 2.5 percent but remain at 2.0 percent for all future years. The investment return assumption was changed from 8.25 percent to 8.00 percent.
- 2014 The cost of living adjustment was assumed to increase from 2.0 percent annually to 2.5 percent annually on July 1, 2034.

Minneapolis, Minnesota Required Supplementary Information (Continued) For the Year Ended June 30, 2021

Notes to the Required Supplementary Information - Teachers Retirement Association (Continued)

Changes in Plan Provisions

2020 - No changes noted.

2019 - No changes noted.

2018 - The 2018 Omnibus Pension Bill contained a number of changes:

- The COLA was reduced from 2.0 percent each January 1 to 1.0 percent, effective January 1, 2019. Beginning
 January 1, 2024, the COLA will increase 0.1 percent each year until reaching the ultimate rate of 1.5 percent in
 January 1, 2028.
- Beginning July 1, 2024, eligibility for the first COLA changes to normal retirement age (age 65 to 66, depending on date of birth). However, members who retire under Rule of 90 and members who are at least age 62 with 30 years of service credit are exempt.
- The COLA trigger provision, which would have increased the COLA to 2.5 percent if the funded ratio was at least 90 percent for two consecutive years, was eliminated.
- Augmentation in the early retirement reduction factors is phased out over a five-year period beginning
 July 1, 2019 and ending June 30, 2024 (this reduces early retirement benefits). Members who retire and are at
 least age 62 with 30 years of service are exempt.
- Augmentation on deferred benefits will be reduced to zero percent beginning July 1, 2019. Interest payable on refunds to members was reduced from 4.0 percent to 3.0 percent, effective July 1, 2018. Interest due on payments and purchases from members, employers is reduced from 8.5 percent to 7.5 percent, effective July 1, 2018.
- The employer contribution rate is increased each July 1 over the next 6 years (7.71 percent in 2018, 7.92 percent in 2019, 8.13 percent in 2020, 8.34 percent in 2021, 8.55 percent in 2022, 8.75 percent in 2023). In addition, the employee contribution rate will increase from 7.50 percent to 7.75 percent on July 1, 2023. The state provides funding for the higher employer contribution rate through an adjustment in the school aid formula.

2017 - No changes noted.

2016 - No changes noted.

2015 - On June 30, 2015, the Duluth Teachers Retirement Fund Association was merged into TRA. This also resulted in a state-provided contribution stream of \$14.377 million until the plan becomes fully funded.

2014 - The increase in the post-retirement benefit adjustment (COLA) will be made once the plan is 90% funded (on a market value basis) in two consecutive years, rather than just one year.

Minneapolis, Minnesota Required Supplementary Information (Continued) For the Year Ended June 30, 2021

Notes to the Required Supplementary Information - Public Employees Retirement Association

Changes in Actuarial Assumptions

2020 - The price inflation assumption was decreased from 2.50% to 2.25%. The payroll growth assumption was decreased from 3.25% to 3.00%. Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates. Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements. Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter. Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females. The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments. The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019. The assumed spouse age difference was changed from two years older for females to one year older. The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

- 2019 The mortality projection scale was changed from MP-2017 to MP-2018.
- 2018 The mortality projection scale was changed from MP-2015 to MP-2017. The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.
- 2017 The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability and 3.0 percent for non-vested deferred member liability. The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.
- 2016 The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2035 and 2.5 percent per year thereafter to 1.0 percent per year for all future years. The assumed investment return was changed from 7.9 percent to 7.5 percent. Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.
- 2015 The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2030 and 2.5 percent per year thereafter to 1.0 percent per year through 2035 and 2.5 percent per year thereafter.

Minneapolis, Minnesota Required Supplementary Information (Continued) For the Year Ended June 30, 2021

Notes to the Required Supplementary Information - Public Employees Retirement Association (Continued)

Changes in Plan Provisions

2020 - Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023 and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

2019 - The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The state's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

2018 - The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024. Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018. Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply. Contribution stabilizer provisions were repealed. Postretirement benefit increases were changed from 1.00 percent per year with a provision to increase to 2.50 percent upon attainment of 90.00 percent funding ratio to 50.00 percent of the Social Security Cost of Living Adjustment, not less than 1.00 percent and not more than 1.50 percent, beginning January 1, 2019. For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to Rule of 90 retirees, disability benefit recipients, or survivors. Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

2017 - The State's contribution for the Minneapolis Employees Retirement Fund equals \$16,000,000 in 2017 and 2018, and \$6,000,000 thereafter. The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from \$21,000,000 to \$31,000,000 in calendar years 2019 to 2031. The state's contribution changed from \$16,000,000 to \$6,000,000 in calendar years 2019 to 2031.

2016 - No changes noted.

2015 - On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by \$1.1 billion and increased the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised.

NORTHEAST COLLEGE PREP CHARTER SCHOOL NO. 4219 MINNEAPOLIS, MINNESOTA

> FOR THE YEAR ENDED JUNE 30, 2021

THIS PAGE IS LEFT BLANK INTENTIONALLY

INDEPENDENT AUDITOR'S REPORT ON MINNESOTA LEGAL COMPLIANCE

Members of the Board of Education Northeast College Prep, Charter School No. 4219 Minneapolis, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of the financial statements of the governmental activities, the major fund and the aggregate remaining fund information of the Northeast College Prep, Charter School No. 4219 (the Charter School), Minneapolis, Minnesota as of June 30, 2021 and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements, and have issued our report thereon dated November 23, 2021.

The Minnesota Legal Compliance Audit Guide for Charter Schools, promulgated by the State Auditor pursuant to Minnesota statute § 6.65, contains two categories of compliance to be tested in audits of charter schools: uniform financial accounting and reporting standards, and charter schools. In connection with our audit, nothing came to our attention that caused us to believe that the School failed to comply with the provisions of the Minnesota Legal Compliance Audit Guide for Charter Schools. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Charter School's noncompliance with the above referenced provisions.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Members of the Board of Education Northeast College Prep, Charter School No. 4219 Minneapolis, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of governmental activities, the major fund and the aggregate remaining fund information of the Northeast College Prep, Charter School No. 4219, (the Charter School), Minneapolis, Minnesota, as of June 30, 2021 and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements, and have issued our report thereon dated November 23, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Charter School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses as item 2021-001 that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The Charter School's Response to the Findings

The Charter School's response to the findings identified in our audit is described in the accompanying Schedule of Findings and Responses. The Charter School's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Minneapolis, Minnesota November 23, 2021

Minneapolis, Minnesota Schedule of Findings and Responses June 30, 2021

<u>Finding</u> <u>Description</u>

2021-001 Prior Period Adjustment

Condition: A prior period adjustment of \$269,010 was made for the reduction of building construction

expenditures recognized in fiscal year 2020, which should have been and are currently recorded

as fiscal year 2021 expenditures and cash with fiscal agent.

Criteria: Expenditures and capital asset balances were overstated in the prior year.

Cause: In fiscal year 2020, the Charter School's affiliated building company deposited construction

related bond proceeds in an escrow account, to be used for future project costs. At the time of the transaction, it was not clear the deposit was made to an escrow account held in the affiliated

building company's name.

Effect: In the Building Company fund, beginning fund balance was understated.

Recommendation: We recommend the Charter School develop a clear understanding of each transaction related to

bond sales and capital projects.

Management Response:

For the 2021 audit, the Charter School has properly reviewed project related transactions and has recorded the prior period adjustment.

Following is our response to findings in the audit as of June 30, 2021:

FINDING 2021-001

A prior period adjustment of \$269,010 was made for the reduction of building construction expenditures recognized in fiscal year 2020, which should have been and are currently recorded as fiscal year 2021 expenditures and cash with fiscal agent.

CORRECTIVE ACTION PLAN (CAP):

Explanation of Disagreement with Audit Finding:

There is no disagreement with the audit finding.

2. Action Planned in Response to Finding:

Management is aware of the issue and will implement the suggested procedures.

3. Official Responsible for Ensuring CAP:

Carl Phillips, Executive Director, would be responsible for procedures.

Planned Completion Date for CAP:

Procedures will be implemented in the current fiscal year.

5. Plan to Monitor Completion of CAP:

Carl Phillips, Executive Director, will review the process for recording transactions and ensure compliance.

Sincerely,

Carl Phillips Executive Director Northeast College Prep Minneapolis, Minnesota
